Sulfur	0.26	Leucine	13
Potassium	2	Lysine	5.4
Phosphorus	0.5	Methionine	3.9
Calcium (mg/kg)	6.05	Phenylalanine	8.7
Sodium	0.04	Proline	7.2
Iron (ppm)	83	Hydroxproline	0.65
Copper (ppm)	33	Serine	8.8

Recommended for horses, cattle, sheep and goats

PRODUCT DESCRIPTION

Copra meal (coconut meal) is made from the dried kernel of coconuts, with the resultant meal being high in easily digestible fibre and coconut oil.

Copra-Max is a quality copra product ideal for the feeding of cattle, sheep, horses and other livestock.

DIRECTIONS FOR USE

Introduce Copra-Max into the diets of animals slowly and over a period of time to allow animals to become accustomed to the flavour of the meal and for their digestive systems adapt.

Copra-Max can be fed dry or as a wet mash.

Copra is safe to feed to animals of all ages, however is not recommended for very young stock

STORAGE

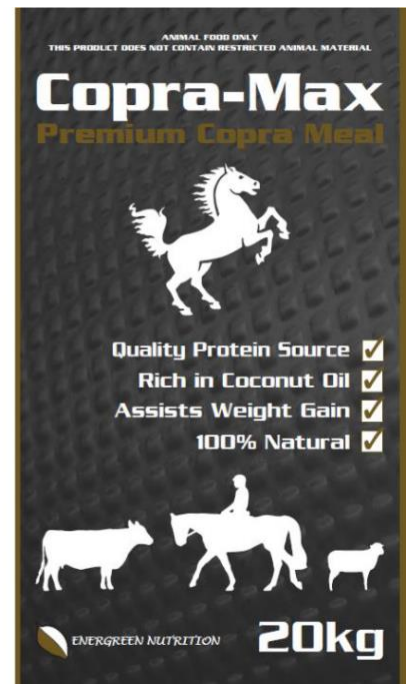

Store in a cool, dry environment away from vermin. This produce can turn rancid if stored in unfavourable conditions such as high temperature and sunshine.

PACK SIZE

20kg woven polypropylene bags.

Bulk: please ask your sales representative for information.
